

CONFIDENTIAL

26 September 1968

MEMORANDUM FOR: Chief, Information Processing Staff
Office of Planning, Programming and Budgeting

SUBJECT : Draft of NBS Instruction on Application of the
Federal Standard ASCII Code

I agree with your proposal that the Agency reply to NBS recommending acceptance and publication of subject instruction as drafted. I see no problems unique to Support Directorate ADP operations that have not been noted in the draft. The Office of Communications shares this view and believes the NBS paper entirely compatible with existing OC and National Communications System plans for adoption of the ASCII Code.

Chief, Support Services Staff
